PROFILE

I am Thi Han, 25 years old and from Myanmar but now living in Bangkok, Thailand. I'm a Web & React Native Developer who loves crafting websites and mobile apps that feel smooth, fast, and user-friendly. I also work as a freelancer and SEO enthusiast, helping brands and businesses improve their online presence. Whether it's designing a modern wordpress website, building a mobile app for iOS & Android, or making sure your content ranks higher on Google, I'm all about creating digital experiences that make an impact.
